

We'd love to meet you.

Please contact our recruiter if you are interested in visiting the Tarboro or Rocky Mount campus. You can tour the campus and speak with Student Services, Financial Aid, or a faculty member in your program of interest.

 **Edgecombe**
COMMUNITY COLLEGE

**Get more than an education.
Get the Edge.**

Train for the job you want.

We have a program to get you there. Whether you want to transfer to a four-year institution or complete a program in two years or less and enter the workforce, Edgecombe Community College provides the edge to help you succeed.

Our goal is to offer education and training that is both relevant and life enhancing. Through a wide selection of programs and courses, the College seeks to maximize both the quality of life and the economic outlook of its students and area residents.

With programs in health care, business and industry, arts and sciences, public safety, college and career readiness, continuing education, and workforce development, ECC is equipping students with practical skills that enable graduates to excel in their careers.

Free tuition and fees!

To help students and their families recover from the pandemic, Edgecombe Community College has created a new scholarship program called the Edgecombe Pledge.

Extending through the Spring 2023 semester, this unique initiative will fund in-state tuition and fees for all qualifying students. The Edgecombe Pledge is available to both degree-seeking students and continuing education students.

To learn more about the Edgecombe Pledge, please go to www.edgecombe.edu/pledge.

Questions? Contact (252) 618-6526 or financialaid@edgecombe.edu.

Learn on your own time.

Day, evening, and online classes can fit any schedule. Many classes are delivered both in-person and online, with some offered as a hybrid of online and in-person instruction. A number of classes are delivered through synchronous learning, which is online instruction that occurs in real time, often with a set class schedule and required login times.

Experience support like you are family.

You're #1.

We  our students!

With a 13:1 student:faculty ratio, small class size is just one of the many benefits to students at Edgecombe Community College. We offer career counseling, mentoring programs, student orientation, services for veterans, professional tutoring, and specialized services for students with disabilities. Many of these same support services are available to online students.

Connect on campuses near you.

Our home is your home. Campuses in Tarboro and Rocky Mount are convenient and easily accessible from US Highway 64. Facilities feature modern technology and the latest in teaching and learning tools.

For example, the Lamm Building on the Rocky Mount campus houses a majority of the College's health sciences programs and offers a simulated hospital environment. Lifelike patient simulators enable students to train on the next-best-thing to live patients.

Still in high school? No problem.

Through Career & College Promise, qualified NC high school students can earn college credits – tuition free – while they are in high school.

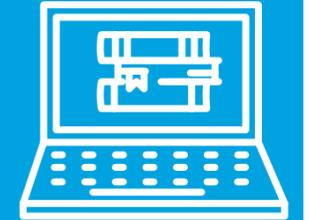

Career & College Promise provides seamless dual enrollment for eligible high school students so that they may quickly complete college certificates, diplomas, and associate degrees that lead to college transfer or provide entry-level job skills.
